Subject: In-Kind Donation

Dear Generous Donor,

**Words such as Passion, Imagine, Focus, Lead, Inspire, Achieve, Create and Strive** soar high on banners above the San Diego School of Creative and Performing Arts (SDSCPA) and reflect the dreams and aspirations students have for a brighter future. Friends of SCPA share in their vision and want to create opportunities to help their dreams come true.

Your recent donation<sup>1</sup> of fresh ripe oranges and lemons was received on Monday, April 10, 2017 to help nourish Middle School and High School students. Your gift will help increase concentration and focus in the classroom impacting student achievement. We appreciate your generosity to SDSCPA, a public Title I dedicated magnet school, and your commitment to health and wellness.

Support such as yours plays a crucial role in sustaining SDSCPA as the premier dual curriculum performing arts Middle School and High School in the Southern California region. Your thoughtfulness will help SDSCPA create a diverse environment where students and faculty can continue to do their very best work.

Thank you from the volunteers of Friends of SCPA including the administration, faculty and students of SDSCPA.

Sincerely,

Donna M. Silva-Garcia  
Friends of SCPA, President
